

List of anatomical charts KINE version 1.2*

-1300 charts, **and**

Pathological view

- Allergic rhinitis
- Sinusitis
- Glaucoma
- Sight disorders
- Otitis
- Abscess
- Incorrect passage of food
- Hypertrophy of the thyroid (goiter)
- Sciatica
- Disc herniation
- Scoliotic spine
- Lateral humeral epicondylitis
- Medial humeral epicondylitis
- Asthma
- Bronchitis
- Hiatal hernia
- Gastric reflux
- Ulcer
- Appendicitis
- Colonic cancer
- Colonic polip
- Pubalgia
- Ovarian cysts
- Placenta previa
- Osteoarthritis of the hip
- Osteoporosis
- Gonarthrosis
- Hallux valgus and quintus varus

Special views

- Trigeminal nerves
- Ear (frontal section)
- Head (frontal section)
- Smell
- Balance
- The tongue
- The brain
- Eye longitudinal section
- Retina
- Sight
- Head and neck (lateral section)

- Cervicobrachial nerves
- Spinal column (anterior, lateral and posterior view)
- Dermatomes
- The spinal cord
- The meninges
- Shoulder rotators' cap (anterior view)
- Shoulder rotators' cap (superior view)
- Bursae of the shoulder joint
- Glenohumeral joint (lateral view)
- Elbow anterior view of coronal section
- Elbow lateral view of sagittal section
- Carpal canal (anterior view)
- Hand inferior view (transverse section)
- Heart (anterior and posterior)
- Diaphragm (ventral view)
- Diaphragm (dorsal view)
- Blood circulation and the cardiac cycle
- The hepatic lobule
- The portal system
- The respiratory system
- Lymphatic capillaries
- Oesophagus and stomach (frontal section)
- Hepato-biliary system
- The kidney, glomerulus, and juxtaglomerular apparatus
- The mucosae of the gastrointestinal tract
- Pelvis female character (lateral section)
- Pelvis male character (lateral section)
- Uterus (frontal section)
- Female perineum (ventral view)
- Male perineum (ventral view)
- The female genital apparatus
- The male genital apparatus
- The menstrual cycle
- Hip-frontal cross section (anterior

- view)
- Bent knee (anterior view)
- Meniscus and cruciate ligaments superior view)
- Knee joint (lateral cross-section)
- Knew anterior view of coronal section
- Knew lateral view of sagittal section
- Ankle posterior view of coronal section
- Tendon sheaths and muscles of the foot (internal lateral view)
- Ligament and joint capsules (internal lateral view)
- Bones of the foot (internal lateral view)
- Foot anterior view of coronal section
- Foot lateral view of sagittal section
- Foot medial view of sagittal section

Range of motion

- Shoulder (anterior , lateral view)
- Forearm (anterior, lateral view)
- Hip (anterior, lateral view)
- Knee (anterior view)
- Foot (anterior, lateral view)

Muscular insertions

- Arm (anterior, posterior view)
- Forearm (anterior, posterior view)
- Hand (anterior, posterior view)
- Thigh (anterior, posterior view)
- Leg (anterior, posterior view)
- Foot (anterior, posterior view)

Lymphatic system

- Head and neck (anterior view)
- Shoulder (anterior view)
- Hand (anterior view)
- Upper limbs (posterior view)
- Lower limbs (anterior, posterior view)
