

List of anatomical charts MED version 1.2*

-1300 charts, and

Pathological view

- Abdominal aorta aneurysm
- Bypass and coronary angioplasty
- Biliary lithiasis
- Leiomyoma
- Amygdalitis
- Gingivitis
- Osteoarthritis of the hip
- Heart malformations
- Pulmonary embolism
- Renal lithiasis
- Allergic rhinitis
- Sinusitis
- Glaucoma
- Sight disorders
- Otitis
- Abscess
- Incorrect passage of food
- Hypertrophy of the thyroid (goiter)
- Asthma
- Bronchitis
- Hiatal hernia
- Gastric reflux
- Ulcer
- Appendicitis
- Colonic cancer
- Colonic polip
- Disc herniation
- Scoliotic spine
- Ovarian cysts
- Placenta previa
- Osteoporosis
- Gonarthrosis
- Hallux valgus and quintus varus

Special views

- Eye longitudinal section
- Retina
- Sight
- Trigeminal nerves
- Ear (frontal section)
- Head (frontal section)
- Smell
- Balance
- The tongue
- The brain
- Head and neck (lateral section)
- Heart (anterior and posterior view)
- Blood circulation and the cardiac cycle
- The hepatic lobule
- The portal system
- The respiratory system
- Lymphatic capillaries
- Oesophagus and stomach (frontal section)
- Hepato-biliary system
- The kidney, glomerulus, and juxtaglomerular apparatus
- The mucosae of the gastrointestinal tract
- Pelvis female character (lateral section)
- Pelvis male character (lateral section)
- Uterus (frontal section)
- Female perineum (ventral view)
- Male perineum (ventral view)
- The female genital apparatus
- The male genital apparatus
- The menstrual cycle
- Rotators' cap (anterior view)
- Rotators' cap (superior view)
- Glenohumoral joint (lateral view)
- Bursae of the shoulder joint
- Carpal canal (anterior view)
- Hand inferior view (transverse section)
- Bent knee (anterior view)
- Meniscus and cruciate ligaments (superior view)
- Knee anterior view of coronal section
- Knee lateral view of sagittal section
- Spinal column (anterior, lateral and posterior view)
- Dermatomes
- The spinal cord
- The meninges
- Elbow anterior view of coronal section
- Elbow lateral view of sagittal section
- Foot anterior view of coronal section
- Foot lateral view of sagittal section
- Foot medial view of sagittal section
- Ankle view of coronal section
